Dear Dr. Phillips:

According to our records, your Ohio Hazardous Waste Installation & Operation Permit has expired. Prior to the expiration of that permit, you had informed and certified to the Ohio EPA that you no longer conducted hazardous waste activity for which a permit was required.

Therefore, this letter is to inform you that, based on the information you had submitted and an investigation by Agency staff, you will maintain the status of a generator only with less than 90 day storage.

You should continue to use the identification number assigned to you by the U.S. EPA for purposes of compliance with the Ohio EPA manifest, recordkeeping and reporting requirements for generators and transporters of hazardous waste as appropriate.

Should you have any questions concerning your current status, please contact the appropriate Ohio EPA District Office (see enclosed list).

Very truly yours,

Thomas E. Crepeau
